TMU Female Graduate Students and Researchers' Mailing List

TMU Diversity Promotion Office was selected as one of the institutions to implement the program entitled "Supporting Positive Activities for Female Researchers" sponsored by Japanese Ministry of Education, Culture, Science and Technology (MEXT) in 2011. And last year, the Office started some programs to support and encourage TMU's female graduate students and researchers.

As the first implementation of the project, the Office is operating TMU Female Graduate Students' Mailing List. This ML aims to,

- (1) Offer various information on career development, including information of research funding, study-abroad programs, and networking events with senior female researchers, and,
- (2) Collect information, comments and opinions from you, for the Office will be able to develop and implement appropriate and effectual supports to young female researchers and researcher-to-be at TMU, specifically.

To join the ML, please send an e-mail that includes your name, e-mail address and department, to diverwww@tmu.ac.jp. For security reason, keep in mind that your e-mail address should be protected by the proper use of your password based on the TMUNER Basic Rules for Information Security shown below. For further inquiry, please send an e-mail message to the same address above.

"The Basic Rules for Information Security" in TMUNER.
