

## About e-learning at TMU

Information Studies, University Education Center

Information and Media Studies,  
Library and Computer/Network Center

# What is kibaco?

- A course management system used as standard across TMU

# kibaco's attributes

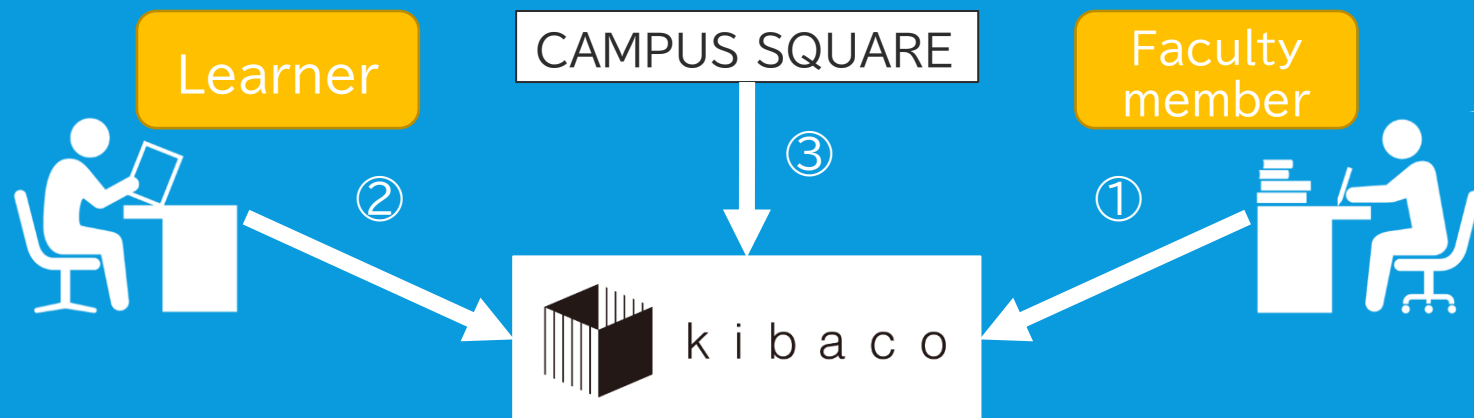

- Can use whenever & wherever
  - Not just in the classroom
  - Can access from PC, tablet, or smartphone
- Compatible with all classes at TMU
  - Every student has an account already
  - kibaco has courses for all classes at TMU  
(you decide whether to use kibaco in your class)

# Courses and access rights

- kibaco has three categories of user
  - faculty member (you)
    - Can perform all actions for relevant course
  - TA/tutor
    - You grant the TA/tutor the access rights necessary
  - Learner
    - Has access rights necessary for attending the course
- User may have a different category in a different course
  - The actions a user can perform depend on the user's access rights

# Accessing a course

- Three ways for students to access a course:
  - 1) You register the student for the course
  - 2) Student registers for the course him/herself
  - 3) Student's reg. info on CS is transferred to kibaco
    - Once the student has started the application process, his/her info will be transferred every morning, even before his/her registration is confirmed.

# Self-registration

- Self-registration (method 2) requires your authorization
  - You must change the setting to “authorized”
- Student enters code or does a word search and then registers (provisional registration)
- Same instructions given in the video briefing for students

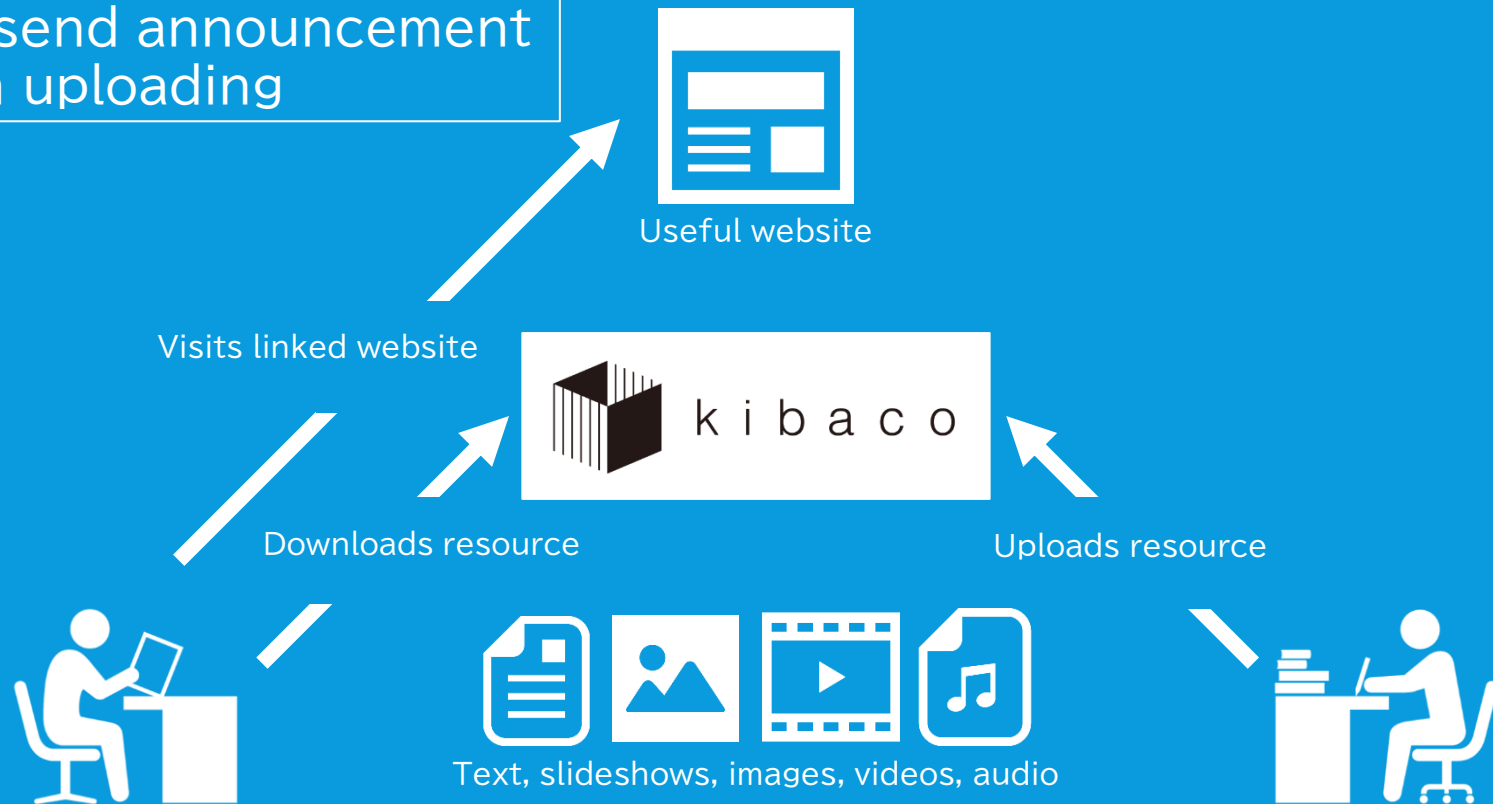

# What you can do on kibaco

1. Resources
2. Announcements
3. Tests & Quizzes
4. Assignments
5. Video streaming

# Resources

- Can set access time
- Can send announcement upon uploading

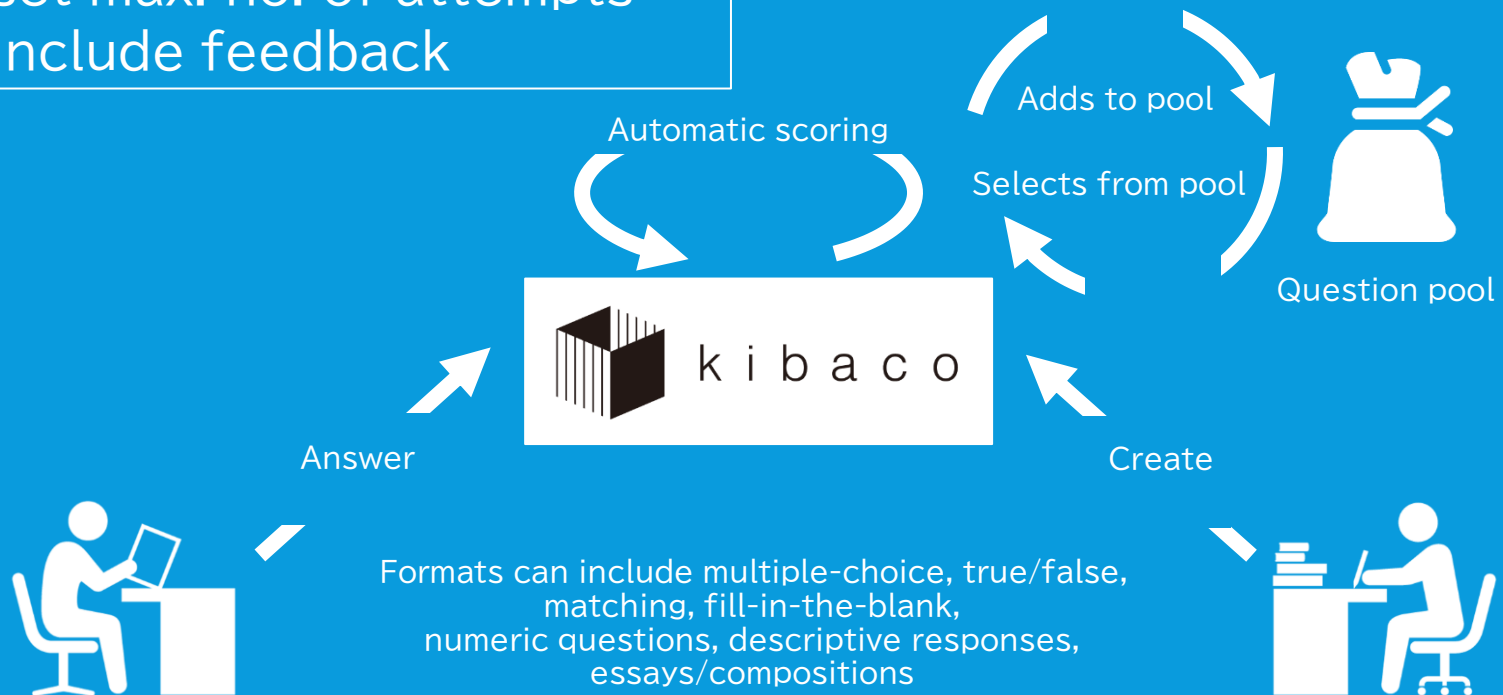

# Announcements

- Can set access time

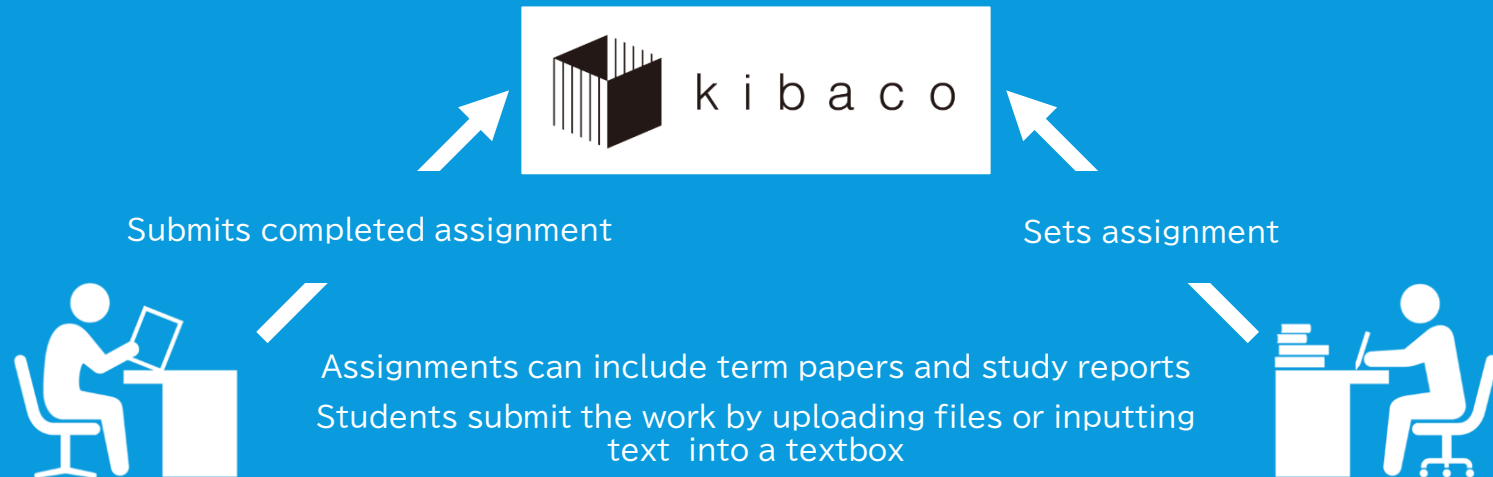

# Tests and quizzes

- Can set deadline
- Can set time limit
- Can set max. no. of attempts
- Can include feedback

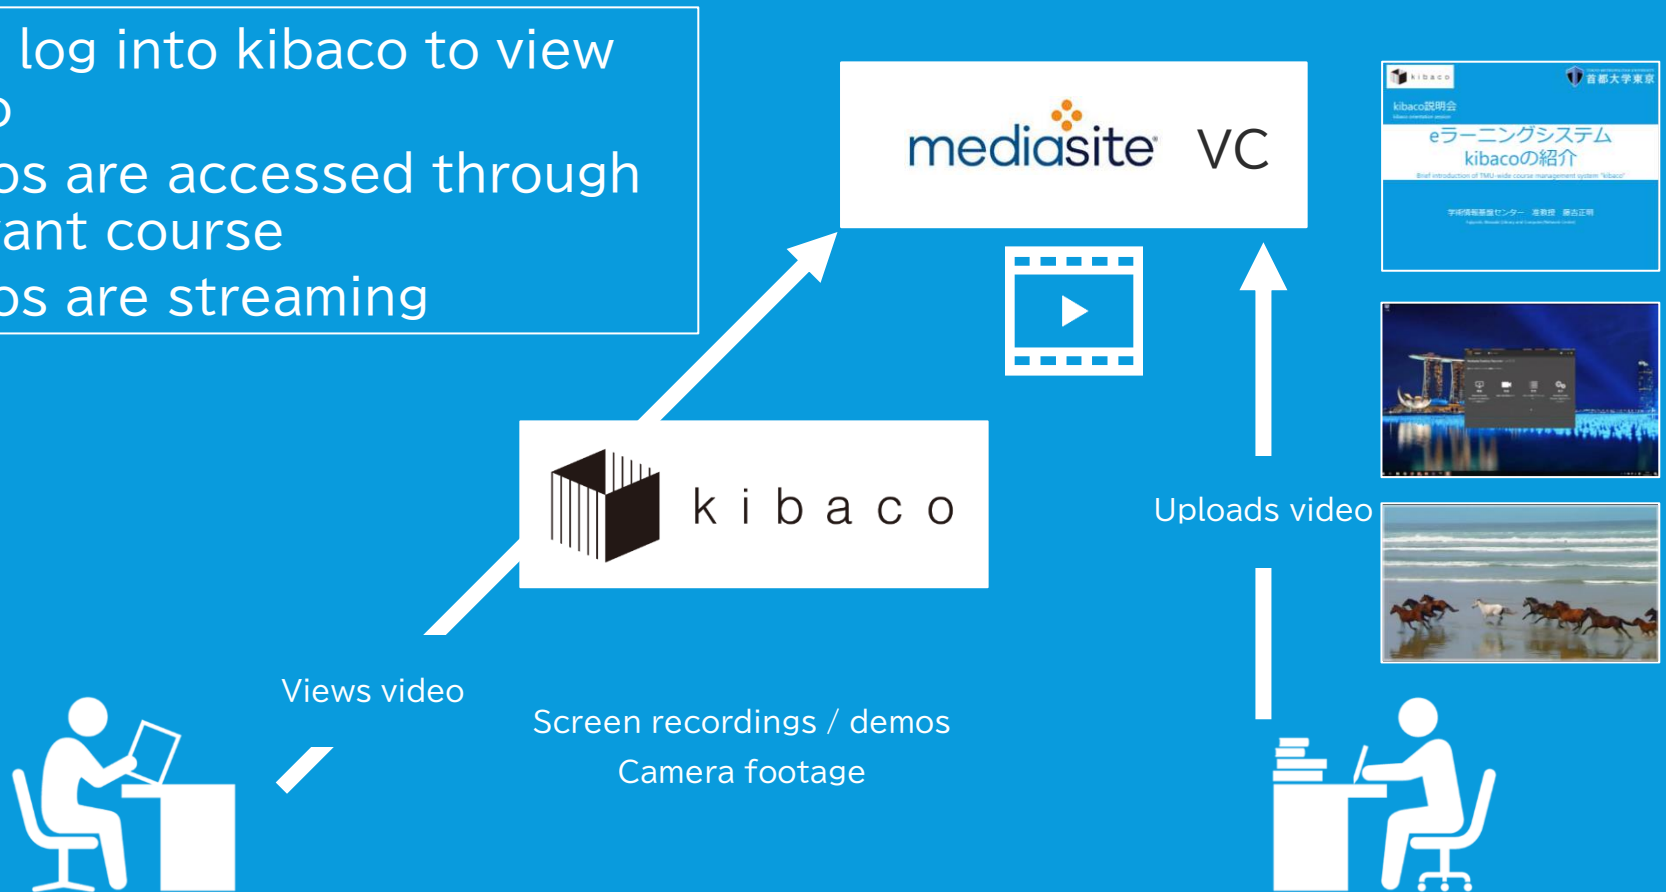

# Assignments

- Can set deadline
- Can return files with feedback

# Video streaming on kibaco

- Must log into kibaco to view video
- Videos are accessed through relevant course
- Videos are streaming

# Applying for streaming service

- Via e-learning webpage: Pull down the 利用ガイド (“user guide”) menu, and select 映像配信サービス (“streaming service”), and follow instructions.

[http://www.comp.tmu.ac.jp/e-learning//mediasite\\_guide.html](http://www.comp.tmu.ac.jp/e-learning//mediasite_guide.html)

The screenshot shows the TMU e-learning website interface. The top navigation bar includes links for 'トップ' (Home), '初めての方へ' (For new users), '利用ガイド' (User Guide), and 'ニュース' (News). The '利用ガイド' menu is expanded, showing options: 'kibaco', '映像配信サービス' (highlighted), 'FAQ', 'チャットボット (教員用)', 'チャットボット (学生用)', and 'ニュースレター'. The main content area features the TMU logo and the title '映像配信サービスガイド'. Below the title, there is a section titled '利用案内および申請方法' (Usage and Application Method) with a list of links: '利用案内及び申請方法について', '映像配信サービスID申請書', and 'My Mediasiteの運用について (教員編)'. Another section titled 'kibaco & 映像配信サービス説明会資料 (2019年2月開催)' (kibaco & Streaming Service Explanation Meeting Materials (February 2019)) contains links for: 'eラーニングシステムkibacoについて', 'kibaco映像配信サービスについて', '映像配信サービス利用事例の紹介', and '質問応対用「チャットボット」について'.
